響應可持續發展目標！

We support Sustainable Development Goals (SDGs)!

本會致力於「兒童及青年發展」、「促進社會共融」和「推動環境保育」三大核心服務，透過跨界別合作，匯聚社會各界的資源，成為推動**環境、社會和管治 (ESG)** 發展及履行**企業社會責任 (CSR)** 的重要平台，為社會產生正面影響。

與此同時，本會亦積極響應聯合國制定的 17 個可持續發展目標，透過與政府部門、企業夥伴、社福機構、學校以及社會各界攜手合作，推動環境保育及歷史文化傳承，共建關愛共融的社會，向可持續未來進發。

Rainbow Foundation is dedicated to three core services: "Children & Youth Development", "Promote Social Inclusion", and "Advocate Environmental Conservation". Through cross-sector collaboration, we gather resources from various segments of society to establish a significant platform that promotes **Environmental, Social, and Governance (ESG)** development while fulfilling **Corporate Social Responsibility (CSR)**, making a positive impact on society.

At the same time, we actively respond to the 17 Sustainable Development Goals (SDGs) established by the United Nations. In collaboration with government departments, corporate partners, charitable institutions, schools, and various sectors of society, we promote environmental conservation and the preservation of historical and cultural heritage. Together, we strive to build a caring and inclusive society as we move towards a sustainable future.

推動環境保育 Advocate Environmental Conservation

支持「可持續發展目標 6：清潔飲水和衛生設施」 WE SUPPORT "SDG 6: CLEAN WATER AND SANITATION"

與企業合辦體驗式教育活動，由企業義工向下一代傳授水資源的相關知識，包括全球水資源分佈、乾旱成因、水足跡概念，以及香港食水處理方法等等。學生們還利用有限的資源製作簡單的淨水裝置，以獲取潔淨飲用水，促進他們在日常生活中實踐節約用水。

We collaborate with corporations to conduct experiential learning activities where corporate volunteers share knowledge with the next generation about water resources, including global distribution, causes of drought, water footprint concepts, and drinking water treatment methods in Hong Kong. Students also utilized limited resources to create simple water purifiers to obtain clean drinking water, fostering their practice of water conservation in daily life.
